NATURE OF BUSINESS

Avnet Abacus is focused on interconnect, passive, emech, power supply and battery products. The organisation has a clear vision of providing exceptional levels of technical expertise via a highly-focused team of product specialists to ensure that they provide the best possible product support across their industry-leading linecard.

Avnet Abacus' key strength is their product to customer approach. They are a pan-European distributor with a strong local focus providing all the financial, service, logistics and fulfilment benefits that you would expect from a global distributor with the personal service, local presence and product choice of a local distributor.
